

# **Pacific Beach Planning Group – Agenda**

## **Subcommittee North Pacific Beach Life Guard Tower**

**Meeting Date:** August 6<sup>th</sup>, 2015

**Time:** 4:30 – 6:00

**Location:** PB Library

1. **Agenda Approval**
2. **Ground Rules: Ground rules for public input and questions.**
3. **Sign In/Introductions:**
4. **Non Agenda Public Comment: (1 minute each)**
5. **Plan Review of Committee Suggestions:**
  - We recommend a minimal amount of rip rap at the drain. A flapper valve is important to controlling erosion and rats.
  - If the stairway architectural element can be reduced please do so.
  - Beach access cannot be closed during construction.
  - A street accessible people and equipment drop off area. Enlarge the current area.
  - Bike rack areas.
  - Widening the boardwalk with a pleasant boardwalk termination and turn around area.
  - Vegetation and elevation transitions to keep people off the roof and out of the area of the roof but provide for the items above.
  - Possible ramp rework to provide a smoother more comfortable walk to the beach.
  - Formal hardscape transition to public beach showers
6. **Public Comment (2 minutes each)**
7. **Possible Motion/Recommendations:**
  - Approve the current design of the North PB Lifeguard Tower**
  - Approve the North PB Lifeguard Tower with further recommendations**
  - Recommend rejection of the construction of the North PB Lifeguard Tower**

### **Adjourn**

**Scott Chipman** – subcommittee chair and acting as secretary [scott@chipman.info](mailto:scott@chipman.info)
