RE: Pedestrian Safety on Garnet Ave

Pedestrian Safety on Garnet Avenue is critically important. The PBPG is working with the community on different short-term and long-term strategies. Recently, we surveyed pedestrian crossing along the entire Garnet corridor. It was discussed extensively.

The following is the motion and vote from the PBPG October 25, 2017

Motion Kunsyz, Second Olson: Implement Garnet Pedestrian Safety Improvements: All intersections along Garnet between Mission Bay Drive and Mission Blvd will meet the following Standard 1) Continental Crosswalks 2) Countdown Timer (Visual and Audible) and 3) Pedestrian Activated Flashing Warning Beacon for intersections not controlled by a traffic signal. (see attached survey)

Motion Passed: 12-0-0

Pacific Beach Planning Group 10/25/2017 Proposed Pedestrian Safety Improvements for Garnet Avenue

Whereas Garnet Avenue has been designated as a Vision Zero Corridor and PB Counts data demonstrates a high volume of pedestrian traffic, the PB Planning Group requests all pedestrian crossings meet the following standard

Traffic Signal Controlled Intersections

- Continental "Ladder" Crosswalks
- Countdown Timer (Visual and Audible)

Non-Traffic Signal Controlled Pedestrian Crossings

- Continental Crosswalks
- Countdown Timer (Visual and Audible)
- Pedestrian Activated Flashing Warning Beacon

The following is a listing of improvements needed, as indicated by "X". Survey conducted 10/24/2017.
