Action Item

5. Minutes from last meeting

Action Item

6. Chair's Report.

Info Item

7. Review of items for June 26 meeting:

Info Item

–Parking needed for Lifeguard staff at PB Lifeguard Tower, Joe Bettles.

–Fanuel and Reed stop sign request, neighbors.

These items were approved at our May 8 meeting, but both presenters needed to reschedule the vote for June 26.

8. Special Request from City of San Diego Traffic Engineers:

Action Item

Ahmad Erikat, traffic engineer, tasked PBPG with examining 230 potential electric scooter parking places in PB. Working with the PB Town Council, a **Google Community Spreadsheet** has been available for reviewer's comments.

Note: This is a special meeting for Streets & Sidewalks, followed at 6:30 p.m., by a special meeting of PB Planning Group. With 230 spaces to analyze, at least briefly, we will save any other agenda items for our July 10 meeting.

- A majority of scooter corrals were approved by their examiners.
- Others were either too close to corners, impeded sightlines, or would in some way endanger vehicles or pedestrians in the area.
- In addition to skimming the sites, we will add a list of general recommendations for scooter corral placement. If possible, please review the **Google Community Spreadsheet** before the meeting, so you can add comments to our list for the city.
