Pacific Beach Streetaries

History of Streetaries in Pacific Beach

- January 2022, the City instituted Spaces as Places, to help COVID-challenged businesses by allowing them to put temporary outdoor dining spaces in the public right-of-way.
- 2 year permit to operate
- Displaced parking by Spaces as Places must be replaced, contending the public's shoreline access was impeded by parking removal
- They are not allowed to take public right of way on the sidewalks
